

The Gamma App

Language(s) available	English, Spanish, French, Portuguese among others
Category	Tool
Type of document	The Gamma App is an AI-powered platform that allows users to create content for presentations, websites and documents
Author(s)	Gamma Tech, Inc.
Country of origin	United States of America
Targeted group	Teachers
Description	<p>Gamma is an AI tool that allows you to present ideas beautifully.</p> <p>Gamma currently supports three plans: Free, Plus and Pro. With the free plan, you can use the most common features of Gamma. You should be able to do most of what you need with the free plan. The Pro and Plus plans are available as a subscription. This means that the fees are recurring and you have to unsubscribe if you want to stop the subscription.</p>
