Type of Resource	Web platform
Author(s)	Visual Education Ltd
Country of origin	UK
Targeted group	Teachers
Description (150 words maximum)	Create your own interactive and engaging class activities using templates, e.g. spin-the-wheel, labelled diagrams, matching games, flashcards and sorting games. Interactive materials and printables are available. Students can use the materials as interactive assignments in class or at home. Teachers can track students' learning and be flexible in their pacing. The basic plan is free but to use it more you will need to subscribe and pay.
